-- NOTICE --

As always.....

- We strive to conduct our Engine Show in a safe and orderly manner.
- We consider this to be a family-oriented event.
 - **Anyone operating any type of vehicle on the grounds must have a driver's license & insurance.**
 - The sale of firearms is prohibited.
 - Alcohol and Drugs are not allowed.
 - Pets must be leashed at all times and exercised away from the public areas.
 - No tricycles, bicycles, motorcycles or ATV's operated by anyone under 16.
 - ABSOLUTELY NO roller blades, roller skates, in-line skates, skateboards etc.
 - No loud late night parties or noisy barking dogs.
- At our discretion, we may exclude the following year, or remove immediately, those who exhibit disrespect or an argumentative nature or who disturb the peace. These individuals will not be mailed contracts.

Important Flea Market Information and Changes for 2009

- Due to the increase in numbers of exhibitor and flea market vendors, we are asking that everyone limit the number of vehicles that they park inside the gate. Your vehicles **must** be parked on your site unless other arrangements have been made with the flea market staff. If you have other people coming to help you sell and there is not enough room on your site, they **must** park in the visitor lot outside the fence. You may order passes to get them in free at the gate when you register for your site, but we are limiting the passes to **two** per site since the number requested has gotten out of hand. **Handicapped parking** is available in the blacktopped handicap lot at the south end of the fairgrounds near the steam engine area, which is adjacent to the flea market areas. Only handicapped vendors in Building 23 will be given permits to park next to the south side of the building. There will no longer be parking on the grass near the front gate.
- Due to a change in the Engine Club's contract with the Fair Board, we will now be responsible for collecting all camping fees and for paying for all electric consumed during the show. Therefore, those camping on their flea market sites with motor homes, trailers, truck campers, or tents capable of holding 3 or more people will be charged a **camping fee of \$10 per night**, which includes electric if available, in addition to your site fee. Please send in your camping fee when you pay for your site to ensure you keep your current site in an area having electrical hook ups. Those **not camping but needing electric for their displays** will continue to pay the **\$15 electric fee** for the weekend in addition to their site fee. Please note, **if you have more than one space and have more than one camper on your site**, please send in the appropriate amount for camping otherwise you risk losing those spaces next year. We will **not** be sending out your camping permit(s) along with your gate passes and site confirmation. You will pick them up when you set up.
